Busy Bees Co-packing

Co-packing, assembly and various projects designed according to your needs

We are participating at Sial Canada to demonstrate the different solutions and services that we are able to provide our customers, while respecting their deadlines and surpassing their quality requirements.

Our company specializes in the packaging and assembly of your products. Working with a reputable co-packer and making them a part of your production process can help you expand, innovate, increase production capacity, boost sales and grow your brand.

Why choose Busy Bees?

More than 120,000 sq. ft. of warehouse and production space.

Certifications: BRC GFSI Class A (Storage & Distribution), GMP (Good Manufacturing Practices), Health Canada certified pharmaceutical manufacturing area, HACCP, Liquor and Tobacco permits, certified pest management

Our services: Printed film application, variety/multi-pack assembly, blister card sealing, automated horizontal carton fulfillment, automated vertical carton fulfillment, product labelling, shrink wrapping, kitting, display assembly, Inkjet and laser printing, shrink bundling, vacuum packaging.

Our quality commitment: Documented batch and lot code traceability, quality controls implemented to all aspects of the supply chain, documented production reporting, tailor-made solutions.

We have 30 years of packaging and assembly expertise and we are able to meet your requirements no matter your need.

Entrust us with your project and we will respond on time and with the expected quality.
