Kitchen & Love makes eating right, even easier

We all live very busy lives and convenience is key. Healthy and innovative on-the-go items can be hard to find, but Kitchen & Love has created better-for-you options for people on the move.

After only a few years on the market, Cucina & Amore Quick Meals have expanded beyond popular ancient grains. Cucina & Amore has rebranded and repackaged its most unique product to focus on innovation to become Kitchen & Love. It's easy to say and even easier to eat! Kitchen & Love Quick Meals provide protein-packed grains and high-fiber vegetables like Quinoa, Farro and Cauliflower in a ready-to-eat meal. These fully-cooked Quick Meals are just what everyone needs, no refrigeration, no heating, and no added water. A spoon is even included for extra convenience.

Simply open the cup lids, mix and enjoy a meal anywhere life takes you.

We already have a small market presence Internationally and this is where we see the most future growth potential.
