

Disruptive Innovation

DIGI/TERAOKA Group offers innovative products, solutions, and services for the retail, food industry, and hospitality industries. With DIGI as our global brand and trade name, we offer and support products tailored to a wide range of retailers, including specialty stores, supermarkets, and hypermarkets. Teraoka Seiko Co., Ltd. is the headquarters of DIGI/TERAOKA Group, founded in 1934 and located in Tokyo, Japan. The company has over 3,500 employees.

DIGI Shop&GO Self-Scanning Shopping System

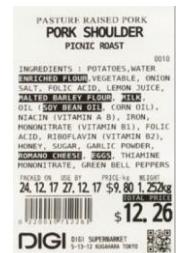

DIGI, a pioneer in self-checkout, introduces the next new standard for the retail shopping experience. Shoppers scan items as they go and pay at a self-payment station. DIGI Shop&Go also works for non-barcode items such as bulk fruits and vegetables.

- ✓ No waiting in checkout lines
- ✓ Works with non-barcode items
- ✓ Uses your current POS
- ✓ Built-in loss prevention measures

Low-Cost and Eco-Friendly Linerless Auto-Cutter Printing Solutions

- ✓ Print labels of varying lengths with “auto-sizing” and “auto-cut”
- ✓ Eliminate paper waste
- ✓ Simplify stock management
- ✓ Display allergen and nutrition information with ease

RGW-560II Product Strap Banding Machine

RGW-560II is a new concept in banding machines that showcases the product, while still offering information and secure packaging with an attractive PLU specific custom package design.
