STE Sadok de commerce international

TuniOlive produce premium quality extra virgin olive oil (EVOO). We export the freshest selection of single varietal EVOO to countries throughout the world.

Our olives are grown and pressed under the supervision of our father, a self-made farmer who is now a Master Farmer. After many years of perfecting the craft, we are excited to pass to you our fresh extra virgin olive oil TuniOlive! Extra virgin olive oil has been a part of our culture since time immemorial. Our ancients used it as a seasoning in cooking, as a beauty lotion, and as a medicine. We strongly believe that Extra Virgin Olive Oil is one of the most indispensable ingredients in a healthy diet. It is highly perishable, healthier and more flavorful when consumed fresh.

STE Sadok de commerce international is a company, located in North Africa, Tunisia. Its main products are olives, extra virgin olive oil, dates, dried tomato and dried peppers.
